§ 30.90 Confidential information, import entries and withdrawals.

The contents of the statistical copies of import entries and withdrawals on file with the Bureau of the Census are treated as confidential and will not be released without authorization by the U.S. Customs Service, in accordance with the policy set forth in 19 CFR 103.4 (Customs Regulations) relating to the copies on file in Customs offices.

§ 30.91 Confidential information, Shipper's Export Declarations.

(a) *Confidential status.* The Shipper's Export Declaration is an official Department of Commerce form, prescribed jointly by the Bureau of the Census and the Bureau of Export Administration. Information required thereon is confidential, whether filed electronically or in any other approved format, for use solely for official purposes authorized by the Secretary of Commerce. Use for unauthorized purposes is not permitted. Information required on the Shipper's Export Declarations may not be disclosed to anyone except the exporter or his agent by those having possession of or access to any copy for official purposes, except

as provided in paragraph (e) of this section.

(b) *Copying of information to manifests not permitted.* Since certain types of information from the outward manifests of ocean carriers can be made public under the provisions of the Customs Regulations, carriers are not permitted to copy information to manifests (or to bills of lading used in lieu of a listing of cargo on a manifest) from Shipper's Export Declarations in their possession for official purposes, except for (1) the bill of lading number on the declaration, (2) information on the declaration which is identical with bills of lading or other sources of information available to the carrier, and (3) items of information which are required by Export Administration Regulations to be identical or consistent on both documents.

(c) *Supplying of copies by exporters for unofficial purposes not permitted.* The regulations in this part spell out precise definitions to be followed in reporting information on Shipper's Export Declarations. Strict adherence to these definitions is necessary if the official purposes for which the forms are required are to be effectively accomplished. Because of the possibility that for other purposes different definitions would be appropriate, the supplying by exporters of any copies (or of the information from copies) for any unofficial purpose is considered detrimental to official objectives and is not permitted.

(d) *Limitations on issuance and reproduction of copies.* Consistent with the policy stated in paragraph (c) of this section, and with the confidential status of the document generally, the following limitations are placed upon the issuance of copies to exporters or their agents:

(1) A copy of a Shipper's Export Declaration may be supplied to exporters or their agents only when such a copy is needed by the exporter to comply with: (i) Official requirements for presentation of a copy to the exporting carrier as authorization for export, (ii) export control requirements, or (iii) U.S. Department of Agriculture requirements for proof of export in connection with subsidy payments. Copies issued to exporters or their agents under
